

Spectrum's staff of more than 45 chemists, technicians, and pharmacists have extensive pharmaceutical experience and are proficient with a wide range of tests and analysis including:

Instrumental Analysis

- Atomic Absorption Spectroscopy
- Fourier Transform Infrared Spectroscopy
- Gas Chromatography
- GC/MS
- HPLC
- Karl Fischer Titration
- Melting Point
- NMR
- Potentiometric Measurements (pH and ISE)
- Proteomic Imaging
- Refractive Index
- Rotational Viscosity
- Specific and Optical Rotation
- Ultraviolet/Visible Spectroscopy

Wet Analysis

- Colorimetric Analysis
- Gravimetric Analysis
- Solvent Extraction Techniques
- Titrimetry (Acidimetric, Complexometric and Redox)

Microbial Testing

- Differentiate Bacterial Colonies
- DNase, RNase, Protease
- Endotoxin by LAL
- Total Plate Count
- Yeast and Mold

If your materials require testing that is not included in standard compendia, we are fully capable of using test methods provided by you or developed in our laboratories.

Range of Service

- FDA Registered and Inspected
- New Jersey and California Fulfillment Centers
- Certified to the ISO 9001:2015 Standard
- No Membership Fees
- Free Compounding Technical Support
- Compounding Education and Training
- Online Formulation Database
- Full Service Analytical Laboratories
- Outstanding Customer Service
- Over 200,000 Supplies & Equipment Items
- Over 1,200 USP / NF / FCC Chemicals
- USP 795 / 797 / 800 Products
- Consulting Services
- Full Range of DEA Controlled Substances (Schedules I-V)
- Kosher and Halal Certified Products
- Supply Chain Management and Audits
- Batch Traceability
- Competitive Pricing
- Same Day Shipments

Tom Tyner, Vice President of Quality Assurance/Quality Control at Spectrum Mfg Corp., was appointed 2018 Chair of the American Chemical Society Committee on Analytical Reagents. For nearly 30 years, Tom Tyner has championed Spectrum's initiatives to make Quality the highest priority! Spectrum is dedicated to continuous improvement of the quality system at every level throughout the company.
